

## LETTER OF RECOMMENDATION CC3 CERTIFICATION WITH SCA

28-July-2023

To Whom it May Concern,

I have been asked to provide a letter of recommendation for Siam Global Engineering Co., Ltd in relation to their application for CC3 Accreditation with Steel Compliance Australia.

I have personally worked with Siam Global Engineering Co., Ltd on two projects to date:

1. MacGregor Home Maker Centre (\$70M Large Format Retail Project) – Drafting and Supply of Steel.
2. Bellbird Park State School (\$70M new primary school) – Drafting Only.

### **Structural Shop Modelling and Detailing Services:**

On both projects (insert company here) completed structural steel drafting services. Drafting was completed to a high standard. Siam Global Engineering Co., Ltd showed acceptable technical understanding and ability to collaborate and coordinate with all stakeholders. I would personally work with (insert company here) on any future project in relation to structural drafting services.

### **Material and Supply Quality:**

All material was supplied to a high standard and to the best of my knowledge was fully compliant to all relevant standards and codes. I was personally very impressed with the standard of welds and surface treatments, being of a higher standard than I have seen when manufactured locally.

In addition to the above, we completed additional weld tested (50% Fillet Welds and 100% Butt Welds) as additional QA on the MacGregor Homemaker Centre. To the best of my knowledge all welds passed inspection.

### **Packing and Shipping:**

I was impressed by the quality, organisation, and batching of steel in containers. Our Structural Steel fabricator was also very impressed and has remarked favourably on this throughout the project.

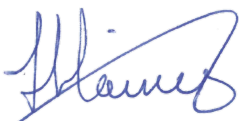

Steel was well protected with little to no damage.

### **Technical Support:**

Despite the obvious geographical constraints, Siam Global Engineering Co., Ltd have been extremely helpful and provided great technical support and advice during the shop detailing phase.

Please feel free to contact me if you would like to discuss anything further.

Kind Regards,

**Jack Haines**  
Senior Contracts Administrator
