RE: Letter of recommendation.

To Whom It May Concern.

For many years now Howden has enjoyed a long and prosperous partnership with Siam Global Engineering Co. We have had the great pleasure of working together on numerous international projects. Our two companies have enjoyed a growing professional relationship, one that will continue in the months and years to come.

It is because of Siam Global Engineering unparalleled professionalism and commitment that we chose them as a main contractor. Regardless of the project size, they exceed our expectations, in workmanship, high quality standards, on time approach, understanding of international specifications and standards.

Additionally, they are a contractor we reach out to whenever we are tackling challenging projects. Siam Global Engineering understanding the importance of true industry teamwork and client focus, as a firm who delivers exceptional services with the kind of timeless and open communication we have come to appreciate. Their entire team is a pleasure to work with.

Their successful approach to providing the safest working environment and effective risk management approaches and strategies, can-do attitude that makes them a lead in their industry.

If you are considering Siam Global Engineering for current or future projects, know that they have Howden stamp of approval, and we look forward to continuing our business relationship into the future. It is without reservation that we would recommend Siam Global Engineering on any fabrication project.

If I can be of further assistances, or should you wish to discuss any project experience in detail, please do not hesitate to contact me.
